DETAILED ACTION

This office action is in response to the amendment filed on 6 January 2006.

Claims 14, 16 and 17 are pending; claims 1-13 and 15 have been cancelled.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 14, 16 and 17 are rejected under 35 U.S.C. 102(b) as being anticipated by Yagura (6,310,368).

Yagura discloses a heterojunction bipolar transistor including a sub-collector (103); a collector (104) atop the sub-collector (103); a base (105) atop the collector (104); a base contact (116b) atop the base (105) (col. 6, lines 35-47); an emitter (106) atop the base (105); an emitter cap (109) over the emitter (106), the emitter cap (109) comprising a sidewall with a reentry feature, wherein the reentry feature comprises an undercut profile (Fig. 1C; col. 4, lines 52-67); and an emitter metal (110) atop the emitter cap (109) (Fig. 1G; col. 5, lines 15-25).

Referring to claims 16 and 17, Yagura further disclose at least one of the base (105) and the collector (104) comprises a second sidewall with a second reentry feature, wherein the second reentry feature comprises an undercut profile (Fig. 1E; col. 5, lines 33-40).

Response to Arguments

Applicant's arguments with respect to claims 14-17 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
